

The CHICKEN RANGE

UNIQUE TO THE INDUSTRY...DESIGNED SPECIFICALLY FOR BROILING CHICKEN

Designed exclusively by Marsal, eliminating hazardous grease problems.

Available in four different models offering cooking surfaces in a wide variety of sizes. The unique drip pan acts as a convenient station for draining grease quickly and safely. Ideal for chicken and ribs.

Standard Features:

The shielded, non-clogging burners are a special feature to insure even heating as well as protection from grease accumulation. 30,000 BTU's per burner cuts cooking time, enabling faster service and greater production. Other features include:

- 3/4" gas connection
- Stainless steel adjustable legs
- 1/2" thick grill surface
- Heavy gauge type 304 stainless steel body
